Over 2 years of professional experience in designing, coding and development of various object oriented and web-based enterprise application using **React, Vuejs, Redux, Typescript, Nodejs** technologies and working on the complete System Development Life Cycle. Proficient in streamlining processes to ensure code quality and to deliver web application on time.

WORK EXPERIENCE

[TCS](#) | Indore, IN

System Engineer

Full Time | 2 years 2 months | July'21 – Present

- Project Based on React:** In my current organization, my role primarily revolves around designing and developing a comprehensive dashboard with a workflow screen from scratch. This project involves utilizing popular web technologies such as React.js, Redux, and Bootstrap to create an efficient and visually appealing user interface. The objective of this project is to provide users with a powerful tool to manage and monitor various aspects of their workflow seamlessly.
- Project Based on Vuejs:** I undertook the task of designing and developing an Alert Monitoring System from scratch. This system was built using Vue.js, Vuetify, Naive UI, and incorporated Apex Charts for data visualization. The objective of this project was to create a robust system that enables multiple user roles, including Supervisor, Manager, and Maintenance Team, to effectively monitor and manage alerts within the organization.
- There is another internal project based on Vuejs. It is a webapp which connected to cloud where people can run their task by uploading code files, selecting language, and uploading input files. They also can schedule their task like once a week or on some important date.

TECHNICAL SKILLS

- Languages:** Typescript, JavaScript, Python
- Database/ORM:** PSQl, MONGODB
- Framework:** MVC, Spring Boot, Vuejs, React
- IDE Tools:** IntelliJ Idea, Eclipse, Spring Tool Suite, Visual Studio, Postman.

- Architecture:** Microservices.
- OS:** Windows.
- Software:** JIRA.
- Tools:** Junit, Maven, Git

INTERNSHIPS

[Iterate India Pvt. Ltd.](#) | Remote, IN
June'21

Full Time | 6 Months | Jan -

- Worked with the **Junior Developer**, Create whole website from scratch using HTML, CSS, and JS.

[Zclimer](#) | Chandigarh, IN

Full Time | 6 Months | June – Aug'20

- Worked on **Text Analysis** of top 100 Business Schools of the world. Prepared data models, obtain cosine and geographical similarities. Executed **linear and multiple regressions** on the data and analysed the result in a well-formatted statistical table structure.

EDUCATION

BACHELOR OF ENGINEERING: ELECTRONICS AND COMMUNICATION ENGINEERING

Cumulative CGPA: **7.20/10**

- University Institute of Engineering & Technology, Panjab University, Chandigarh

2017-21

BSEB CLASS 12

Grade: **68.6%**

- S.N.S College Hazipur Vaishali, Bihar

2015-16

POSTION OF RESPONSIBILITIES

Developer | [PU LAW](#), Panjab University

- .

CO-CURRICULAR ACHIEVEMENTS

Participated in National Maths Olympiad, | 2010

- Bagged 15th position in India.
